REGISTER ONLINE at www.cazenovia.edu/energy by April 6, 2007! This Symposium is the third in a series that will explore ways to meet an increasing demand for energy while ensuring a sustainable environment for future generations. The Symposium is purely educational in nature. The mission of this Symposium is to present a comprehensive understanding of the possibilities and to gain insights into possible solutions without endorsing any products, technology or positions. Join the academic community, statewide environmental and business community and elected officials on April 20, 2007 at Cazenovia College. For further information, contact Dr. Rhea Jezer, Cazenovia College, at rjezer@twcny.tr.com. Major sponsors include: Center for Economic and Environmental Partnership, Entergy, Sierra Club, New York Power Authority, NYSERDA
