

**DOREEN HARRIS**

**Doreen M. Harris is acting president and CEO of the New York State Energy Research and Development Authority (NYSERDA), is a public benefit corporation that advances innovative energy solutions to improve New York State’s economy and environment.**

**For the past 10 years, Doreen has held executive, technical, and policy positions at NYSERDA, most recently as the Vice President of Large-Scale Renewables. While at NYSERDA, she has overseen the State’s nation-leading advancement of renewable resources under the Climate Leadership and Community Protection Act and Clean Energy Standard. Doreen also spearheaded the strategic development of New York’s offshore wind resource, including the execution of the State’s offshore wind master plan. She was also instrumental in advancing and implementing the Accelerated Renewable Energy Growth and Community Benefit Act, which will modernize the siting of large-scale renewable energy projects across New York.**

**Before joining NYSERDA, Doreen was Project Director for Global Water Technologies, Inc., where she led a multi-year initiative to develop and commercialize energy savings and water treatment technologies. She began her career at Alcoa Advanced Technologies and Optimization Technologies.**

**Doreen Harris received a Bachelor of Science in Chemical Engineering from the University of Rochester and a Master of Business Administration from the University at Albany.**
